

Details | SIP 2018

1. Goals for companies

- i) identify potential future members of staff;
- ii) benefit from qualified individuals to conduct projects and analysis that may have been put off and/or, with suitable guidance, to provide holiday cover options during the summer months;
- iii) receive input from well prepared and enthusiastic students for a period of time.

2. Goals for Students

- i) Expand knowledge outside the classroom, through a hands-on experience;
- ii) Develop your potential and enrich your CV with a real world experience;
- iii) Make key contacts for the future.

3. Process

- Company identifies summer internship opportunities and posts on CareerNETwork platform during the month of April;
- Students browse the platform for internship offers; direct applications through Linkedin and personal network are also an alternative;
- Company manages directly the applicants and assessment processes;
- Company and chosen student/s negotiate directly the terms and duration of the internship. Possibility of signing a Protocol between the three parties which allows the activation of the student insurance.

4. Careers&Talent support

- Management of CareerNETwork platform;
- Protocol support and Insurance activation;
- General support through career.clsbe@ucp.pt or directly with your Account.
