

## SUMMER INTERNSHIPS PROGRAM | CATOLICA-LISBON

Dear Partner,

Católica-Lisbon's Summer Internship Program is an excellent chance to meet and contact our students on the Bachelor's and Master's Degree Programs in the areas of Management, Economics and Finance.

These internships, with a maximum of two and a half months, ideally between 15 June and 30 August, on a full-time basis will allow you to take multiple advantages:

- i) identify potential future members of staff;
- ii) benefit from qualified individuals to conduct projects and analysis that may have been put off successively due to day-to-day difficulties and/or, with suitable guidance, to provide holiday cover options during the summer months;
- iii) receive inputs from well prepared and enthusiastic students for a period of time;

Moreover we would like to share that last year 200 companies have made available over 350 internship opportunities national and internationally.

We therefore invite you to identify the opportunities you may have to welcome interns, before the end of April so that when the period for advertising your offers opens, you are in a position to publish on our platform and start receiving students' applications.

For further information, please contact according to your activity sector:

Consulting & Auditing; Banking; Financial Services; Insurance; Energy:
