7 Application Decisions

The Admissions Jury's decisions are communicated in the above-mentioned deadlines, by email. There are several possible application decisions:

7.1 Conditional Offer Admission Decision

Applicants receive a "Conditional Offer Admission" if the Admissions Jury considers that the applicant has sufficient merit to be admitted to CATÓLICA-LISBON's International Undergraduate Programs. Applicants will be notified by email of the conditional offer admission and respective conditional scholarship. To secure their place at Católica Lisbon School of Business & Economics applicants must pay the conditional offer admission within 72 hours. If the predicted grades are/become final, the conditional offer becomes definite.

7.2 Waiting List Decision

Receiving a Waiting List status means that the Admissions Jury considers that the student does not have sufficient merit to be conditionally admitted at that moment in time; therefore, the academic performance and possibly the profile must be improved. The deadline to submit until July 17th.

If the student wishes to update the grades, namely with a higher grade in the Mathematics Exam, the Second Entrance Exam, and/or in the High School Diploma, the results must be promptly uploaded in the Application Status Page (<https://admissions.clsbe.lisboa.ucp.pt/account/login>) and an email must be sent to the Marketing & Admissions Office at ug.admissions.clsbe@ucp.pt notifying that new grades have been inserted. After the applicant submits the final results, the application will be reassessed, and the student is going to receive the official result on July 28th and on August 12th.

7.3 Ineligible Decision

Applicants receive an Ineligible notification if one or more of the following requirements are not met:

- a) Mathematics Exam eligibility;
- b) Second Entrance Exam eligibility;
- c) High School Diploma equivalence to the Portuguese high school system by the Ministry of Education in Portugal, which is a mandatory requirement to attend Higher Education in Portugal

- d) The minimum required grade in the Application Grade (140/200);
- e) The minimum required grade in the Mathematics Exam (100/200);
- f) The minimum required grade in the Second Entrance Exam (100/200);
- g) The minimum required grade in the Secondary School average (100/200);
- h) The minimum required grade in any of the profile components (120/200).

Students are highly recommended to contact the Marketing & Admissions Office if they have any questions regarding their eligibility.

8 Publication/ communication of Final Admissions Results

The following scenarios can occur:

- a) If the candidate had applied with final grades, the conditional offer admission will become an official admission. Applicants will then receive an email with the official admission to Católica Lisbon School of Business & Economics and more instructions on the enrollment procedure and welcome activities.

High School Finalists

- b) If the final grades are equal to the predicted application grades of the Conditional Offer, the offer is definite and the scholarship, if existing, is confirmed. If the final grades are higher than the predicted application grade of the Conditional Offer a higher scholarship, if existing, may be awarded.
- c) If the final grades are lower than the predicted application grades of the Conditional Offer, the application is reassessed. The offer may be maintained, eventually with a scholarship, or withdrawn.

Waiting List

All waiting list applicants will be reassessed and on July 28th and on August 12th may still receive an admission to the Programs. These applicants may be entitled to scholarships if admitted.
