Elective Courses**		Elective Courses**	
Learn in Action*		Learn in Action*	

INTERNATIONAL PROGRAM FEATURES

It is **mandatory** an international experience in an Exchange Erasmus Program.

Students can also enroll in a **Summer School** experience that can be hosted at a selected list of partner schools or at CATÓLICA-LISBON. Likewise, students can also attend a **Summer Internship** in an international or national environment, which can take place in companies and NGOs.

* LEARN IN ACTION PROGRAM

Since August 2019 the Learn in Action Program was converted to a point system using the careerNETwork platform.

For questions regarding the Learn in Action, contact learninaction.clsbe@ucp.pt or go to the Careers & Talent Office during office hours.

Aim: to strengthen the development of “knowhow” skills, as a complement to purely academic knowledge, that are proven to be decisive in terms of employability.

International Mandatory Modules:

Spoken and Written Communication,
Career Development,
Cross-Cultural Management.

Additionally, students can **Validate Experiences**, by engaging in extra-curricular activities that are fundamental to develop key competences for their future, namely: internships; voluntary work; entrepreneurship projects, or other relevant activities.

**ELECTIVE COURSES

In the last year of the undergraduate program, Students' Study Plan is flexible, allowing choosing, on an individual basis, from a number of elective courses, according to the areas you are most interested in. The range of available courses is varied and includes courses offered by CATÓLICA-LISBON, by other Schools of the Universidade Católica Portuguesa or by foreign universities being attended as part of an exchange program.
